

AV Furniture

Audipack has an in-house furniture department

creating everything that offers added value for boardrooms and interiors

Audipack®

It's great to have solutions...

Project line **AV furniture**

Audipack Project-Line furniture has been one of Audipack's specialisms for many years.

The Project-Line furniture range is individually designed, exclusively for you. Ideal whether you are looking for a single unique item or decorating the interior of an entire studio. Available as individual pieces or as a series.

Audipack specialises in high-quality commercial, studio and office furniture and can supply boardroom tables, commercial furniture, product displays, lecture stands and much more.

Design, functionality and durability are the main benefits. All furniture is manufactured to your individual taste and style and your requirements are our priority. We will incorporate any suggestions, shapes or designs to meet our customer's expectations.

Combine different facilities and standard or customised Audipack products to create a plug and play product such as furniture with built-in flat panel lift, video conferencing systems, or hideaways.

- ▲ ***25 years of experience in furniture manufacturing***
- ▲ ***Highly skilled timber craftsmen create custom design furniture of finest quality***
- ▲ ***Installation on site can be performed to achieve maximum result.***
