*It's great to have solutions...*

# Rotate your projector

## in every *direction*

**Turn any room into a multi-functional space by rotating your projector.**

Rota-Kit is an electric rotating system with 4 freely reprogrammable preset positions.

A contact control allows the projector to be rotated to one of the four preset positions, for flexibility of the projection direction.

The Rota-Kit comes in three standard versions, with different tube lengths.

- ▲ **Accurate repositioning**
- ▲ **Compact system dimensions**
- ▲ **Slow start and slow stop motion**
- ▲ **Available in several lengths**

## ACCESSORIES

To control the system other than through relay contact:

**Ref. 260214** (Internal IR remote control set, 2 positions)

**Ref. 260215** (Internal RF remote control set, 2 positions)

**Ref. 261227** (External IR remote control set, 4 positions)

**Ref. 261228** (External RF remote control set, 4 positions)

**Ref. P3660**

*Installation aid for accurate installation  
Also suitable for metal studd ceilings*

To install your projector to an Audipack product an additional projector mount is needed.

See "Projector mounts" section on page 129 for an overview of the available projector mounts.

## ROTA-KIT

Connectivity: Contact relay, RS-232  
Optional IR/RF remote

Power supply:

**110-230 VAC 50-60 Hz/24 VDC**
